<TEXT>I should not have to pay more for my telephone service! I  
urge you to reject a flat fee proposal that would change how  
contributions are made to the Universal Service Fund. I am  
concerned that this proposal could make my current service  
unaffordable.

Under the flat fee proposal you are considering, people who make  
few long distance calls would pay the same as people or  
businesses that make many calls. THIS IS UNFAIR!!! In other  
words, low-volume and primarily residential customers would bear  
the same universal service fund burden as a high-volume  
residential or business customers. THIS IS UNFAIR!

I use my wireless phone for safety, security and convenience.  
(NO MORE THAN FOUR CALLS A WEEK) I don't want to lose these  
benefits so that big businesses can pay less than their fair  
share. I urge you to reject the proposal to move the USF  
collection system to a flat-fee.

Keep the USF Fair!

Sincerely,

Ralph Anderson
